

Case Study

Supplier Management & Inventory Planning

Our client is the world's leading diversified manufacturer of motion and control technologies and systems. Their strategic decision to focus all personnel facility space to core manufacturing led them to bring non-core activities associated with kitting processes to Kenakore's Supply Chain Logistics Center. In addition, Kenakore took over supplier management and inventory planning.

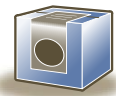

Kenakore's Supply Chain Logistics Center solved their challenges with **Supplier Management & Inventory Planning, Kitting & Light Assembly** and **Packaging & Brand Labeling**.

Kitting & Light Assembly

RESULTS

- ✓ **Reallocation of PP&E to higher-revenue activity**
- ✓ **Elimination of supplier management**
- ✓ **Reduction in labor expense**
- ✓ **Warehouse expense moved from fixed cost to variable cost**
- ✓ **100% on time delivery**

Packaging & Brand Labeling

Kenakore's Supply Chain Logistics Center housed the client's inventory and managed distribution according to our proven inventory model – which enables:

- » Real time reconciliation
- » 100% supply line visibility
- » Inventory accuracy
- » Reduced shrinkage and obsolescence
